Garnby&Arurani

First.....

We don't know who you are, Jessie

We recently knew that you're a doll manufacturer and own a doll shop.....

But.....

The card....

You gave it like if you were waiting for us.....

And showed the card.....

Right after we came out of shop.Sombody was on our tail....

1.

Appearance of third card.....

2.

A sentence at back "Like then, 5...let's begin"

3.

The chase of man in black suit that make us feel like if something really have begun.....

Don't you really feel like the things is happening too much in order????

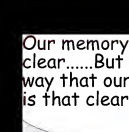

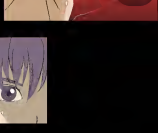

.....

And I don't know about what you think about this card,But....

To me....

The picture was more bothering than the sentence.....

I felt really disturbed after I saw the picture.....

Our memory is really clear.....But there's no way that our memory is that clear normally...

There could be difference by person.....

No.....

I think our memory was cutted out.....

What???

Our memory was cutted out at a specific point...

The side effect of this have made our "first memory" so clear....

And....

This disturbing picture.....

Pretty much have existed in our.....

SLAP!!!!

Lost memory.....

But at this situation, You're using very similar picture.....

Your opinion about Dex does make a point.....But.....

.....

This.....

교수형?

Can happen at the lowest chance of coincidence.....

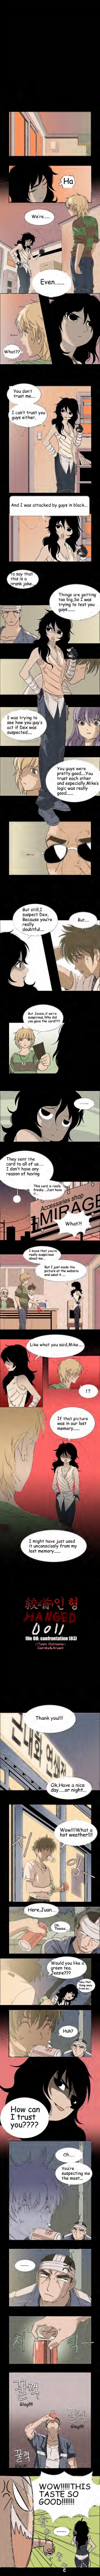

But....

You using this picture.....

Never can be a coincidence.....

Before you point out the doubt of other person, Why don't you solve your doubt???????

Right, Jessie????

Ha

We're.....

Even.....

What???

You don't trust me....

I can't trust you guys either.

And I was attacked by guys in black....

To say that this is a prank joke...

Things are getting too big, So I was trying to test you guys.....

I was trying to see how you guys act if Dex was suspected....

You guys were pretty good.... You trust each other and especially, Mike's logic was really good.....

But still, I suspect Dex, Because you're really doubtful....

But....

But Jessie, if we're suspicious, Why did you give the card???

They sent the card to all of us.... I don't have any reason of having

This card is really freaky.... Just have it...

What?!

I know that you're really suspicious about me...

But I just made the picture at the website and used it....

Like what you said, Mike.....

!?

If that picture was in our lost memory.....

I might have just used it unconsciously from my lost memory.....

After a long time of waiting, We got anxious and went to the gym.....

At there, We heard shocking information that Juan's senior was murdered at the gym....

We came to the station as fast as we could but the cop was just telling "you can't meet him" for 6 hours.....

Finally, We couldn't get any information about connection between murder case and the fourth card.
